

NYTREX TRAILER PLATES

SAFE BASIS IN FRONT OF
THE LOADING AREA

NYTREX TRAILER PLATES

Sustainable surface protection in the loading zone

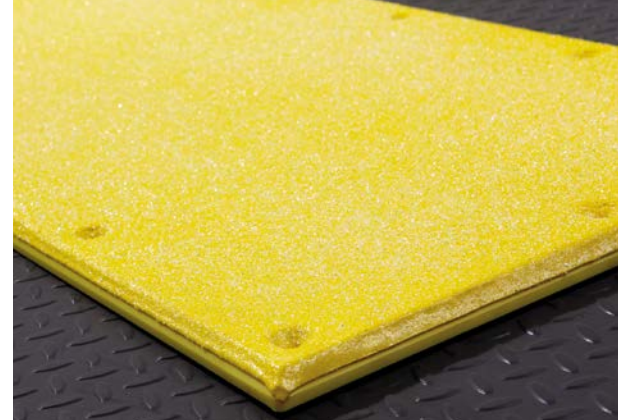

Nytrex trailer plates help prevent damage to concrete, asphalt or paved surfaces, and thus to avoid costly repair work in loading bays. Available with fastenings to or in the yard surface, suitable for concrete, asphalt or paved surfaces.

Product benefits

- High-performance plastic in signal yellow
- Suitable for high loading frequencies
- Optionally with anti-slip coating

Versions

- 2000 x 1000 x 16 mm
- 1000 x 1000 x 16 mm
- 1000 x 500 x 16 mm
- Further sizes available upon request
